## Please pray with us:

- For the **students** in virtual Bible studies to hold fast the word preached to them and **be saved**.

- For **new believers** to come out of the world and into the church.

- For **continued grace** to help students establish their identities in Christ and cultivate Biblical convictions.

- For **Tiffany**, who gave her life to Christ in April, that she would continue to build Christian friendships virtually and grow in her new walk with Jesus.

- For **Chantal** to continue to grab a hold of the truth of God's word and see herself as a new creation. I prayed with her July 15th over FaceTime to surrender her life to Jesus!!!

- Isaiah 54:10

**We couldn't be more thankful to be meeting in person again, glorifying God together as a church! As we continue to focus on discipling students, here is Chloe's testimony of becoming a disciple-maker:**

I grew up in a religious home where I knew about God, but didn't really have a relationship with Him at all. My family routinely went to church each Sunday and volunteered as often as they could, but I always felt indifferent to the idea of it all. I called myself Christian without really knowing what that meant; I never considered how relational of a God He is and how He knows and loves me so deeply.

The summer before I came to USF, I was undergoing a lot of transitions. I was moving to Florida where none of my family lived, my dad was deploying for a year, and my boyfriend at the time had just gone off to basic training for the Army. I was nervous to say the least, and as an introvert I was fearful that I would have a hard time building a life and building relationships with new people. That summer, however, my mom and I had a lot of great conversations about the Lord and suddenly there was a switch in my heart that led me to wanting to find a church that would root me in a life led by God. The first weekend I was in Florida, I came to Cornerstone, walked in, and found a spot near the front (so unlike me). When worship began I was so overwhelmed with the presence of God. It was something I had never really experienced before and my heart longed for more. I found myself jumping into a Bible study. Studying the word brought me to a place of surrender and I gave my life to Jesus in October of 2018! A few weeks later, I was baptized, and walking out a new life according to His word.

Lately, I've reflected a lot on how different I was even a year ago today. I have grown so much in my relationship with God and have already seen Him accomplish so much for me, including freeing me of sins that caused shame and guilt, along with creating sweet friendships that build me up in Christ. I have also had the opportunity to join Cornerstone's Student Bible Study Leaders. Learning to teach Bible studies has not only been a great opportunity to help me evangelize and disciple young women on campus, but also helped me to grow as a young Christian. Sharing what Jesus accomplished on the cross, and my testimony, with girls who are hungry for the Lord has been a great experience. Life with Jesus has been so sweet!

**With all that is transpiring in our nation, it is as important as ever to help students stay established and built up in the faith. Thanks to your continued prayers and support, we are able to sow more into the lives of students like Chloe!  
Together, we are building the body of Christ!**
